

SINBAD ADJUIK

Tallahassee | (+850) 443-9182 | adjuiksinbad@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY OF QUALIFICATIONS

Data Automation Engineer with mid-level experience in higher-education and research settings. Built Python- and API-driven workflows that automated the ingest of 10,000+ archaeological assets and migrated 6,000+ records to a new repository, cutting manual effort by ~70%. Delivered a WCAG-compliant CMS migration to Drupal, improving accessibility and reducing content errors. Seeking to apply automation and data-integrity expertise to streamline data operations and support data-driven decision making.

TECHNICAL SKILLS

- **Programming & Automation:** Python, APIs, Bash, PowerShell, GitHub Actions, Power Platform
- **Data Tools & Databases:** SQL, NoSQL, REDCap, Tableau, Power BI
- **Cloud Services & DevOps:** AWS, Google Cloud Platform (GCP), Azure, Linux, Docker, Kubernetes, GitHub, CI/CD
- **CMS Tools & Web Accessibility:** Drupal, WordPress, Omeka, WCAG 2.2, WAVE, WebAIM, Umbraco, Site Improve
- **Machine Learning Tools & Libraries:** Pandas, NumPy, Scikit-learn, Jupyter Notebooks, Seaborn, Matplotlib, SpaCy

PROFESSIONAL EXPERIENCE

National High Magnetic Field Laboratory

CMS Migration Specialist Intern

Tallahassee, Florida · Jan 2026 - Apr 2026

- Supported migration of institutional research sites from legacy Umbraco Content Management System into Drupal on Pantheon, redesigning content structures and applying WCAG 2.2 accessibility standards, which reduced content errors and ensured a smooth transition for research portals.
- Ran accessibility scans with SiteImprove and WCAG 2.2 guidelines, documented baseline issues, and remediated items within contributor access, and escalated theme or configuration fixes that required admin support, resulting in improved compliance and fewer accessibility barriers for end users.
- Maintained a repeatable audit reporting pipeline to track ADA Title II compliance and conformance to WCAG 2.2 guidelines.

Florida State University, Strozier Library

Graduate Assistant, Systems and Automation - Office of Digital Research and Scholarship

Tallahassee, Florida · Aug 2024 - May 2026

- Built and maintained a Python/Tkinter batch-ingest tool ("Cetamura Batch Ingest Tool") that automates upload and metadata processing for 10,000+ archaeological assets and adds error handling and duplicate detection to ensure data integrity.
- Led the FSU Card Archive site migration & ingest automation (Python • Tkinter • Omeka API): validated metadata and batch-ingested 6,000+ records from Omeka Classic to Omeka S; reduced manual workload by ~70% through API-driven checks and structured batch jobs.
- Implemented GitHub Actions CI/CD (automated tests, packaging, releases) across repository tools, improving maintainability and deployment reliability.
- Partnered with faculty to embed these automations into repository workflows; authored runbooks and delivered short workshops to upskill staff and ensure smooth handoff.
- Created a web accessibility course through Canvas to onboard new CreateFSU users on web accessibility standards.

University of Health and Allied Sciences

Assistant Data Manager - School of Public Health (Globe HPV Project)

Hohoe, Ghana · Oct 2023 - Aug 2024

- Managed a REDCap database for a Bill and Melinda Gates-funded project, maintaining the integrity of 1000 sensitive health data records.
- Collaborated internationally to establish and enforce data ethics and validation protocols, enhancing data accuracy and trustworthiness in project outcomes.

IT Assistant - School of Public Health

Hohoe, Ghana · Nov 2022 - Oct 2023

- Created a prototype design for a web-based exam results system using ReactJS; the evaluation of this blueprint guided improvements to the university's live results system.
- Provided technical support for faculty and led web development tutorials (HTML, CSS, JavaScript, Python) for undergraduate students, enabling faster issue resolution and improving student coding proficiency.

EDUCATION

Florida State University, Tallahassee, United States

Aug 2024 - May 2026

M.S., Information Technology

Datalink University, Tema, Ghana

Aug 2018 - Dec 2022

B.S., Computer Science, Information Systems

PROFESSIONAL CERTIFICATIONS

- **AWS Certified Cloud Practitioner: Amazon Web Services (2025)**
- **AWS Certified AI Practitioner: Amazon Web Services (2025)**
- **Google IT Automation with Python: Google/Coursera (2025)**
